

Joy is Resistance
 They want us to despair—we refuse! Spread art, music, fun and hope whenever you can.

The National Day Laborer Organizing Network
 "This moment demands more than watching. It demands that we show up for one another—in person, nonviolently, with courage, determination and love. If you are not at risk of deportation, we are asking you to consider taking action today." — NDLON
 The Adopt a Corner program trains and organizers people to observe, support and respond to ICE actions.

The best resistance isn't what feels hardest, it's what makes you want to get up and do more. Join a song group, plan fund raisers, print zines, be the protest welcome wagon, fight disinformation, register new voters: the options are endless! Find something you're eager to invest energy in!
 Check SimpleResistance.US for three quick options every day.

The most important thing you can do is... SOMETHING

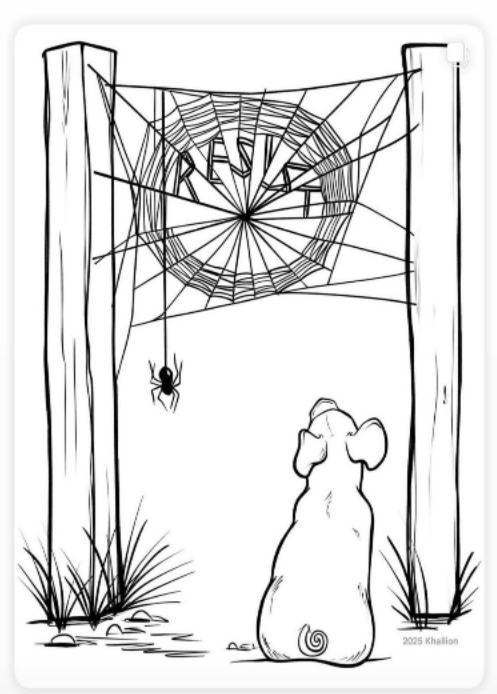

Sing Resistance
 Art and Music galvanize resistance, and now there's a nationwide group bringing song to protests, ICE detention centers, and other creative Minneapolis and is organized around a series of Proton documents collected here:

Build Community

Fascism wants us divided, so break down the walls!
 sign up for an event at the library *
 join a tool library or community garden *
 invite a friend to join an action with you *
 print and pass out zines *
 mow a neighbor's grass *
 go to a school board meeting *
 volunteer at the food pantry *
 start a neighborhood book club *
 check in on someone struggling *
 be a helper
 And join a resistance group:

Vote. It Matters.

Lots of folks are still pushing the message that voting doesn't matter. It's bunk. The GOP wouldn't bother to purge rolls and disenfranchise voters if it didn't matter. So make sure you don't lose your rights!
 - check your registration before deadlines:
<https://vote.gov/register>
 - if you mail ballots, be aware of new postmark regulations
 - oppose the SAVE act: most picture ID won't be enough
 - help others learn to vote
 Elections are how we got here.
