The National Day Laborer Organizing Network

"This moment demands more than watching. It demands that we show up for one another—in person, nonviolently, with courage, determination and love. If you are not at risk of deportation, we are asking you to consider taking action today." — NDLON

The Adopt a Corner program trains and organizers people to observe, support and respond to ICE actions.

Vote. It Matters.

Lots of folks are still pushing the message that voting doesn't matter. It's bunk. The GOP wouldn't bother to purge rolls and disenfranchise voters if it didn't matter. So make sure you don't lose your rights!

- check your registration before deadlines: <https://vote.gov/register>
- be aware of new postmark and polling regulations
- oppose the SAVE act: most picture ID won't be enough
- Register and support new voters
- remind people voting is the ante: it won't fix everything, but it's our responsibility as citizens.

The most important thing you can do is...
SOMETHING

The best resistance isn't what feels hardest, it's what makes you want to get up and do more. Join a song group, plan fund raisers, print zines, be the protest welcome wagon, fight disinformation, register new voters: the options are endless! Find something you're eager to invest energy in!

Check SimpleResistance.US for three quick options every day.

Scared about the rise of fascism and threats to our freedom, health, & economy? Ready to resist but unsure how? Start here.

Sing Resistance

Art and Music galvanize resistance, and now there's a nationwide group bringing songs to protests, ICE detention centers, and other creative resistance. It came out of Minneapolis and is organized around a series of Proton documents collected here:
